

Consulting Magazine Ranks Attain #17 on its list of the Fastest Growing Firms of the Profession

McLean, VA – Oct 14, 2016 – [Attain, LLC](#), a leading management, technology and strategy consulting firm, has been recognized as a fastest growing firm, globally, by [Consulting Magazine](#), the flagship publication of the consulting industry. Attain, which increased revenue 185 percent for the three-year period from 2012 to 2015, will be featured in the magazine's November issue.

In its second annual ranking, the Fastest Growing Firms list spotlights the exceptional growth of the top firms across all lines of the consulting profession. The publication ranked a total of 61 firms. The ranking joins Consulting Magazine's other award programs and lists, which include Best Firms to Work For; Top 25 Consultants; [Seven Small Jewels](#), which Attain won in 2015; and others.

"We are thrilled to be recognized as the seventeenth consultancy for revenue growth, globally, by Consulting Magazine," said [Greg Baroni](#), chairman and CEO of Attain. "I am proud of the remarkable pace of growth Attain has achieved in its first seven years and so thankful for a team of innovative problem solvers, seasoned experts, and trusted advisors who believe in the [vision and mission](#) of Attain. We are committed to investing in our team and attracting top talent to continue delivering the best transformational services and solutions to our clients."

Since Attain's inception in 2009, the firm has grown more than fourfold to include over 500 professionals, and with a nationwide presence, Attain's geographic footprint now includes nearly 200 client or office locations across more than 40 states. The firm's entrepreneurial culture, rooted in seven core values known as [The Attain Way](#), translates into a collaborative work environment that fosters innovation and new ways of thinking to the benefit of Attain's clients in the government, healthcare, education and nonprofit markets.

As reported in Consulting Magazine's February 2015 issue, critical to Attain's success and rapid growth is a disciplined adherence to three strategic principles—to be built to last, next generation, and values driven. As transformational pressure on the consulting industry mount, "That next generation notion of shorter projects, clearer ROI, more focus on hard knowledge and intellectual property assets is the wave of the future," said Baroni in the article.

Organizations ranked on the 2016 Fastest Growing Firms award were honored at a celebration on Thursday, October 13 at The Roosevelt hotel in New York, followed by Consulting Magazine's annual Consulting Summit. To learn more about Attain, visit [attain.com](#).
