DevSecOps Maturity: Achieving Continuous Deployment

Transform how you build and deliver software and services with the next generation of DevSecOps.

Attain's end-to-end DevSecOps Maturity service offering represents a comprehensive approach to evolving from continuous integration to continuous deployment.

We work with you to develop a highly effective strategy and policies, to establish a collaborative DevSecOps ecosystem, and build robust reporting capabilities for data-driven decision-making and compliance, allowing you to harness the power of highly reliable and scalable automated processes for continuously deploying secure quality applications at any time.

DevSecOps Maturity Model

Agile is just a beginning—no matter where you are today, Attain can help mature your process into a continuous deployment framework.

Regardless of your current software development and operational practices, we can help you achieve greater operational efficiency, better software quality, and improved customer experiences from delivered applications to increased ROI.

Our end-to-end DevSecOps Maturity offering for achieving continuous deployment includes:

- DevSecOps policy design
- Maturity model implementation
- Deployment automation
- Continuous “X” design and implementation
- Ecosystem establishment
- Results-based deployment
- Deployment scorecard
- Automated security, accessibility and performance testing
- Governance/metrics-driven compliance
- Dashboard and analytics
- O&M transition policy

With the right cultural mindset, people, processes, and technology, Attain’s DevSecOps Maturity approach to software development and delivery can yield remarkable results:

- Developer enablement
- Shared program goals across teams
- Program quality visibility
- Early risk detection
- Complete transparency
- Streamlined communications
- Data driven decision-making
- Operational efficiency
- Quality applications
- Tool- and technology-agnostic maturity model

OPERATING AT THE INTERSECTION OF EXPERIENCE AND INNOVATION

Attain is a management, technology, and strategy consulting firm delivering market-leading results to customers in the defense, civilian, state and local government, and health markets, as well as the higher education, academic medical center and non-profit communities.

Based in McLean, Va., with a nationwide presence, Attain is an agile company with the experience to scale our solutions and services to meet your needs.
