

You are not alone.

Resources for the New Normal

Attain understands that the COVID-19 pandemic has thrust us into uncharted territory. As a technology, strategy, and management consulting firm, and in the spirit of being a trusted adviser, we are here to answer your questions and help you navigate your new environment.

We are assisting higher education clients to develop business continuity plans, virtual workforces and learning models, financial planning models, IT strategy, research infrastructure, and change management plans. Please find below a few insights for your review.

Featured Insights

Supporting a Unified Workforce with Community Cloud

A greater need is emerging for faculty and staff to have access to secure, relevant, and bi-directional information sharing—a need that is ever present but is even more evident in today's rapidly changing and uncertain environment. There are many tools to help with intra-organization communications, but as some clients have learned, leveraging existing Salesforce Communities combined with Chatter offers a powerful faculty and staff communication platform with several unique advantages.
